

IF YOU'RE IN SAFE HANDS, IT'S EASY TO HAVE TRUST

Pharmapiù is the "Health Company" the Firm which has everything to hand, totally unique in the sector for giving help, paying attention and taking care of its clients. Industry-leading expertise, design and innovation and quality assurance, have forged our reputation with them.

We are a reliable and trustworthy partner, offering total quality with ABS cases or metal cabinets strictly Made in Italy, speedy delivery from the point of order to consignment, peace of mind of prompt assistance before and after the sale.

We help you to take care of yourself and those closest to you, wherever you are, every day. Wherever you are and in every situation, at home and at work, playing sport and in your free time, in the car or on the boat.

You've been in safe hands for more than 25 years.

One more idea from Pharmapiù, the first aid kit that has triple the advantage in one simple and efficient way: Italian quality, as always, for three kits that fit one inside the other with less inconvenience and less transport costs. During production, the appropriate selection of materials and manufacture of the highest quality mean low production costs whilst assuring the best quality from Pharmapiù, number one for first aid.

NEWS!
A set of three first aid boxes
of graduated size

1 ITALIAN QUALITY

Made in Italy

Italian production quality, from the selection of primary materials to manufacture.

Hi-Tech label personalization

Made with IML technology (In Mould Labelling) to personalize the boxes with a company logo label during manufacturing stage.

2 OPTIMIZED SPACE

Less Inconvenience

Conveniently suited for warehouse storage and for shipping.

Easy to attach

Wall attachment including in the kit without other accessories needed.

3 ECONOMIC ADVANTAGES

Unbiteable price

Advanced technology which allows the maintainments of production costs without detracting from the overall quality.

Shipping benefits

Transport costs reduced to a minimum, three times less thanks to optimum use of space.
